

Rotary Pratishthan's ROTARY ENGLISH MEDIUM SCHOOL KHED NATURE CLUB

Rotary English Medium School aims at inculcating an appreciation of nature among students and encouraging them to participate in a variety of conservation initiatives. Its efforts include inviting leading environmentalists to the school to talk to students and sensitize them to the opportunities and challenges in addressing environmental issues, organizing an annual tree-planting day 5 June , and participating in important nature-oriented programmes.

SEED BANK AND SEED BALLS ACTIVITY

Today our society is facing lot of problems related to environment. Today students are more connected to people all over the world but less connected to the nature. Taking this into consideration, Nature Club in our ROTARY ENGLISH MEDIUM SCHOOL KHED, sorts out some activities which help students to connect, to our 'Mother Earth'. The Nature Club conducts various activities such as Plantation Day, Herbal Garden, nature trail etc., throughout the year.

Our student from class V Mast Advait Paresh Malangaonkar came up with the unique activity of seed bank and seed ball.

With seed balls we can propagate plants and trees from seeds, It is an effective way of establishing plants without the need of plowing or drilling,

The practice of seed balls is very effective in growing vegetables and fruits.

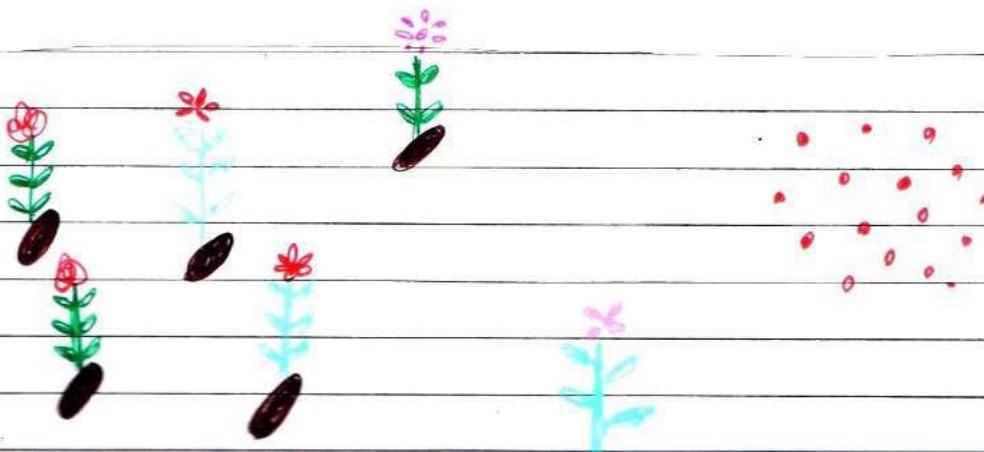

Students will move seed balls into a cardboard box for storage. Finally, sow them by tossing into the valleys and roadsides. Balls will germinate and grow into big trees.

During germination, the ball itself will contain nutritious minerals or humus, which helps the seed germinate.

Through the ability possessed by seed balls, it is possible to reintroduce tree species that have partly or completely been removed from their original environments.

Seed balls can be used to enrich a neglected area, like roadsides as well as abandoned lots, thereby enhancing the biodiversity of plants or vegetation.

Seed balls help increase green space and work well anywhere with a rainy season.

3R Paper Project

An initiative by the ROTARY students to recycle the paper waste generated within the school. The waste paper was recycled to make paper mashie eg: Bowls, Stationery holders, trays etc. to be used in the school.

Paper Activity

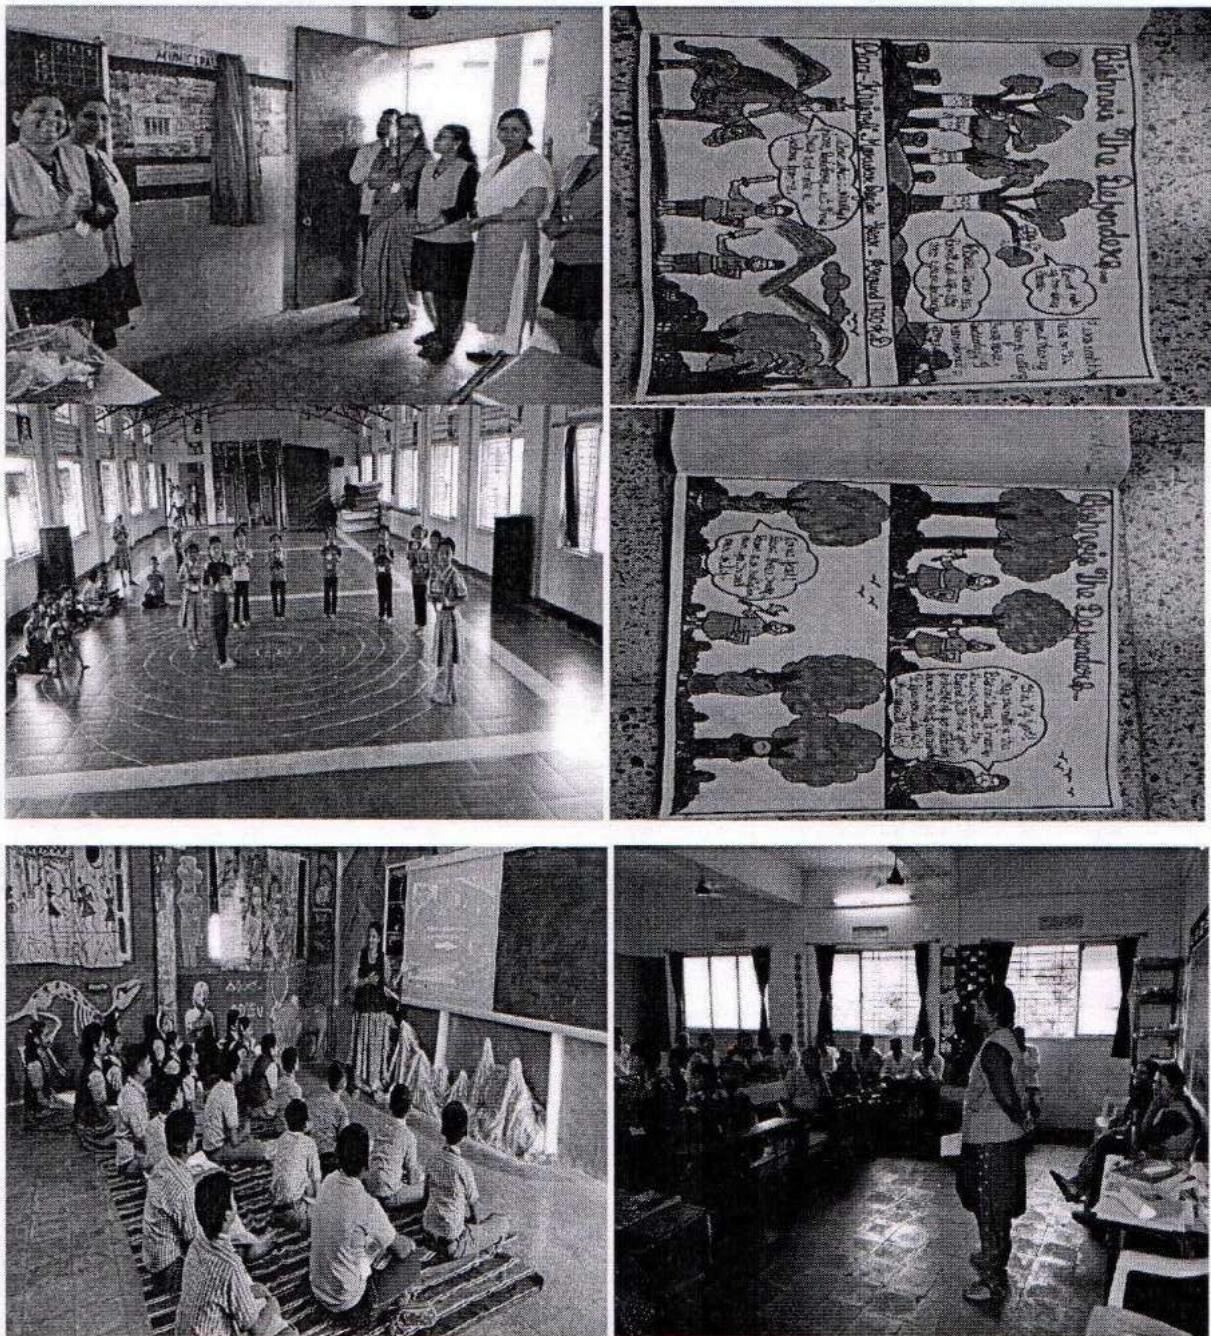

Every Day is Earth Day

Every year during the Earth day 22 April the school initiates sustainable activities that educate the students on to reduce environmental damages and empower them to help conserve nature.

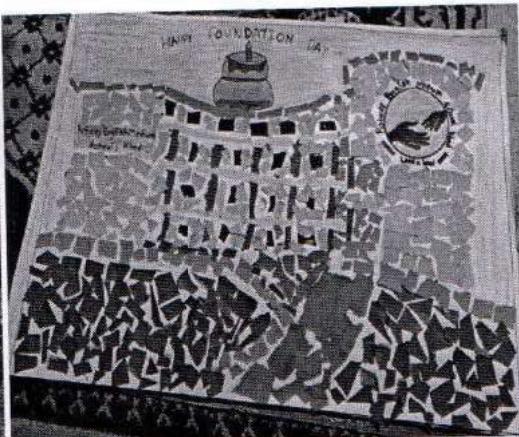

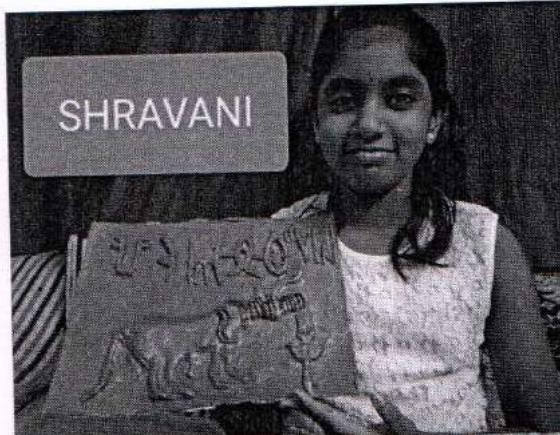

Educational Programs:

Educational Programs are conducted to make children aware of the ways in which they can help the environment. They plant trees, recycle paper and plastic to produce utility items eg: pen holders, Jewelry boxes, paper bags etc.

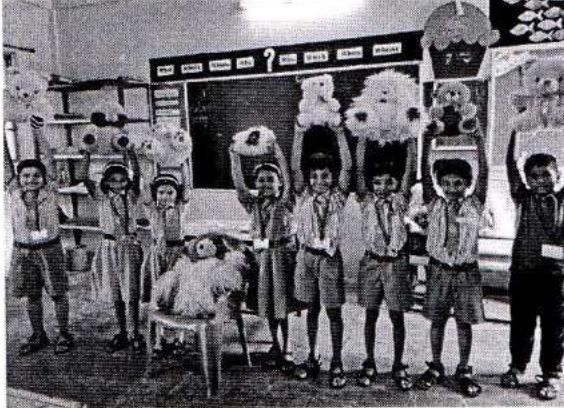

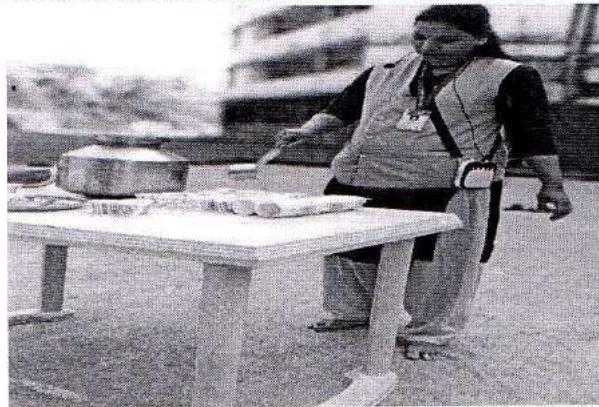

Nature Art

Nature Art enables children to become aware of the variety of things available in their natural surroundings and how to use them without further damaging the environment.

Eco-friendly campus

The school works towards making the school campus an eco-friendly place. There are bins to segregate garbage, 'Bio Degradable' and 'Recyclable Material Bin'. The bio degradable material is safely disposed off while the recyclable material is again handed over to FORCE for further processing.

The students have set up a 'Vermiculture Pit' for vermin composting. Now the bio degradable material will be used to feed the pit. The manure thus produced will be used in the school gardens.

Tree plantation

Our school ROTARY ENGLISH MEDIUM SCHOOL KHED organized a tree plantation programme on the occasion of World Environment Day. All the students and teachers participated in this program. Also, some local municipality department officers have participated in our program.

Field Trips

Nature club members can learn about native plants and animals by visiting local nature preserves. A visit to a museum or sanctuary that keeps live insects is another way for students to get up close and personal with nature. Exploring the outdoors is an essential part of any nature club, so going on a hike in a state park, Before planning a field trip, ROTARY ENGLISH MEDIUM SCHOOL KHED looked into school or district's policy on taking field trips as a student club to be following proper protocol.

Nature-Based Arts and Crafts

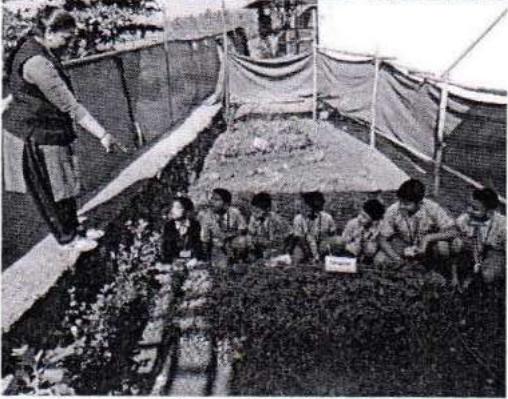

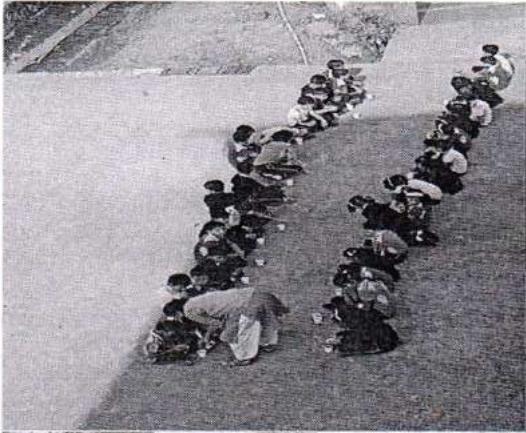

Nature crafts allow children to explore outside areas around their homes and schools, which can teach them a wealth of information, according to the American Psychological Association. For example, students might learn what types of trees live are them or what kinds of insects, birds and other animals make the areas their homes. Younger children can draw pictures of the bugs they see, make collages using nature items they find outside or craft birds' nests with sticks and twigs. Older children can collect wildflowers, press them between two heavy books and then seal the dried flowers between two sheets of contact paper to make nature-themed bookmarks. Middle and high school students can take photographs of what they see in nature,

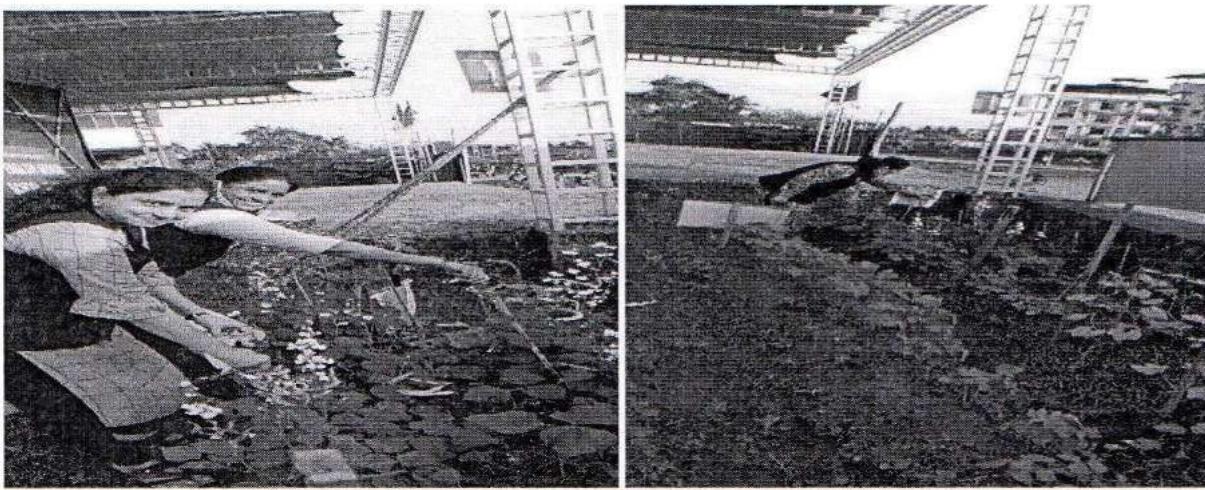

Gardening Activities

Planting a garden teaches children of any age about the life cycle of plants, what plants need to survive and how to tend and cultivate plants to promote growth and production of fruit. Planting a jack-o'-lantern garden is one idea. In late spring or early summer, students can each plant a pumpkin seed and then tend to the plants all summer and into the fall. In October, club members can have a jack-o'-lantern carving party. The club could also plant a vegetable garden and then donate the produce to a soup kitchen or day care center, or use the produce as they learn to cook.

AZADI KA AMRIT MAHOTSAV 2022-23

The cultural program AZADI KA AMRIT MAHOTSAV of ROTARY ENGLISH MEDIUM SCHOOL KHED was held gorgeously in the school premises during 28th March to 3rd April 2022. Principal of the R.E.M.S Mrs. Bhumita J Patel presided over the function. The member of Panchayat Mrs. Jagdale was present as the chief guest and the Sub Divisional Officer Mrs. Rajashree More and Gharda College Principal Mr. Sandip Gharat were present as a special guests. Other distinguished guests and guardians were also invited to the function.

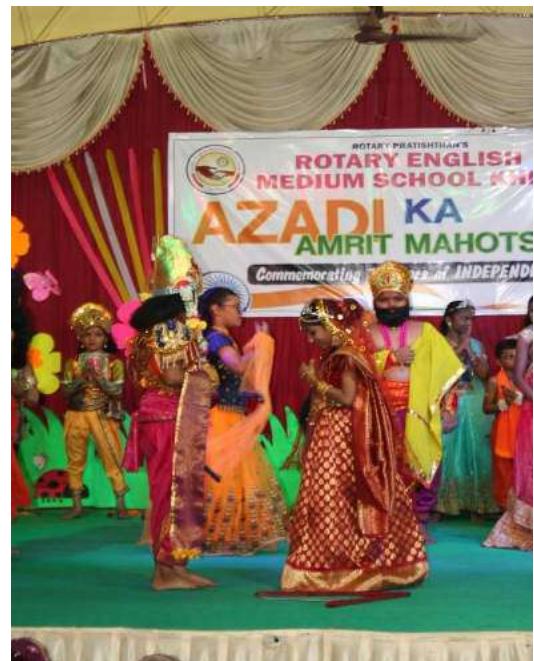

The program started with the recitation from the Welcome song. Then there was the national anthem. After that, the cultural events started. It was a day-long program. There were music, dancing, and staging dramas. All events were held in groups.

All the events were so exciting that the audience enjoyed them very much. At the end of the program, there was the prize-giving session. But before it, the chief guest and the special guest were given some

time to say something. The chief guest in his speech put stress on the necessity of extracurricular activities of the students. He thanked the college authority, the teachers and the students for organizing such a wonderful cultural program. "The practice of cultural activities will surely perfect the academic career of the students," he remarked.

The special guest also gave a short speech appreciating the wonderful performance of the students. The program ended with the thanks-giving speech of the Principal.

To sensitize, motivate and educate students and staff about AZADI KA AMRIT MAHOTSAV. To create awareness among society about AZADI and related issues.

This organization is focused on increasing students' understanding and appreciation of INDEPENDENCE and raising awareness about the consequences of INDIA.

RALLY OF HAR GHAR TIRANGA INITIATIVE

Rally by Rotary School for awareness of 'Har Ghar Tiranga' initiative.

On Saturday, July 23, 2022, the students of Rotary English Medium School Khed took out a round from Rotary School to Bharne locality raising slogans like 'Today the tricolor is waving nicely, the tricolor is the pride of the country' under the Central Government's 'Har Ghar Tiranga' initiative. As part of the Amritmahotsav of Independence, a morning round of school students was conducted to create awareness about the central government's initiative 'Har Ghar Tiranga'. On this occasion, the principal of the school Mrs. Bhumita Patel, Coordinator Mr. Rahul Gadbail, Head of Primary Department Mr. Shailesh Devlekar, Head of Pre-Primary Department Tejasree Kanade, all the teachers and non-teaching staff of the school participated in the morning round along with the students. During Rally, the students carried tricolor and slogan boards in their hands and took out various slogans such as 'Tricolor is our pride, life is given for the country, many people have sacrificed, and today the tricolor is waving nicely'. On this occasion, the tricolors and placards held by the students attracted everyone's attention. Chairman of the Rotary school Hon. Bipindada Patne, all the teaching and non-teaching staff appreciated the 'Har Ghar Tiranga' initiative of the Central Government and wished them good luck for the rally conducted for public awareness.

HEALTH CHECK UP AND ADOLESCENCE CLINIC SESSION 21 July 2022

A free health check-up camp was organized in the ROTARY ENGLISH MEDIUM SCHOOL KHED by Sub District Rural Hospital Kalambani in order to commence Health checkup and adolescence clinic session. For setting up the medical camp the school authority collaborated with the Sub District Rural Hospital Kalambani. Dr. Paresh Malangaonkar explained a detailed information about child adolescence and conducted the session in front of the girls of Rotary School from the class 5 to 9 .The camp was exclusively organized for the teachers and students. The students of the school worked as volunteers to manage the queue .The camp started its work from 9 a.m. after the morning assembly. And as today's students are the future of the nation their health must be protected specifically. For the event the school assembly hall was chosen as the venue. After checking up, the doctors prescribed necessary actions and precautions if needed to be taken. Dr. Paresh Malangaonkar also stated that Government of India has recognized the importance of influencing health-seeking behavior of adolescents. The health situation of this age group is a key determinant of India's overall health, mortality, morbidity and population growth scenario. Therefore, investments in adolescent reproductive and sexual health will yield dividends in terms of delaying age at marriage, reducing incidence of teenage pregnancy, meeting unmet contraception need, reducing the maternal mortality.

IKS Traditional Dress Competition.

10.08.2022

Indian Knowledge System (IKS) is an innovative cell under Ministry of Education (MoE) at AICTE, New Delhi. WORLD SNAKE DAY

16 JULY

Rotary English Medium School Khed celebrated World Snake Day on 16th July 2022 in the presence of Secondary Section Coordinator Mr. Rahul G, Primary Section Coordinator Mr. Shailesh Devlekar. Science Integrator Mrs. Meera Pawar acknowledged students about snake preservation. The main six kinds of poisonous snakes. The student from class IX Siddhi Shelke gave the detailed information of snakes and also said why snake is to be said as farmer's friend and why snakes are being saved. Many people have a natural aversion of snakes, while many others simply hate them. However, the negative stigma that surrounds snakes is completely undeserved. Snakes are in fact extremely beneficial animals to have around. The natural predatory behaviors of snakes are also extremely

valuable to humans. Many snake species prey heavily on insects and rodents. When snake populations decline the populations of these prey items increases, often causing serious problems to people. Snakes are extremely valuable because they are efficient at keeping the number of rodents and insects in check, without relying on damaging chemical pesticides which can degrade the environment and harm other animal species. Snakes are very effective at hunting such prey because they can crawl into small burrows and other areas that rodents use as shelters. These places are too small for other predators to get into. Snakes

are also helping to save the lives of millions of people every year, as the venoms from snakes are being used to treat many serious health ailments like cancers, heart & stroke disease, Parkinsons, and many more.

'World Nature Conservation Day'

28 JULY 2022

World 'Nature Conservation Day' celebrated at Rotary School. On Thursday 28th July 2022, 'World Nature Conservation Day' was celebrated at Rotary English Medium School, Khed. On the occasion of the program, the principal of the school Mrs. Bhumita Patel, Coordinator Mr. Rahul Gadbail, Head of Primary Department Mr. Shailesh Devlekar, Head of Pre-Primary Department Tejasree Kanade, all teachers and students were present. On the occasion of this program, the head of the science department of the school Mrs. Meera Pawar While guiding the students, said that the natural resources available on earth are basically a gift given to mankind. Man has to face the increasing temperature of the earth, noise pollution, air pollution, health problems due to over use of natural resources. Therefore, conservation of the environment has become the need of this time. Student from class nine Miss Siddhi Shelke said that man has created many problems due to massive deforestation and urbanization. She said that as a solution to this, everyone should stop cutting trees and plant trees and also take care of them. A field visit was organized for the students of Rotary School on the occasion of 'World Nature Conservation Day'. On this occasion, the teachers and students of Rotary School participated in the field visit, raising slogans like 'Save trees, save life', 'Save water, save life'. The students were taken to a forest in Bharne area. After going to the forest area, the school's sociology teacher Mrs. Megha Guhagarkar explained to the students the identification of forest trees and their importance in human life. Chairman of the organization Hon. Bipindada Patne, School Principal Mrs. Bhumita Patel, all office staff wished everyone on 'World Nature Conservation Day'.

ROTARY ENGLISH MEDIUM SCHOOL KHED

Student Outreach Program: Road Safety: Roles & Responsibility 15.09.2022

Today the training program on Road Safety: Roles & Responsibility had arranged in ROTARY ENGLISH MEDIUM SCHOOL KHED. on 15.09.2022 Wednesday at 11.00 Central Academy for Police Training, (CAPT), Bhopal, Bureau of Police

Research & Development, Ministry of Home Affairs, Government of India, offered an online Student Outreach program on "Road Safety: Roles & Responsibility" for students of Class IX to Class XII on 15th September 2022 at 1100 Hrs. The Program had been designed to inculcate road safety issues and duties of good Samaritans among school children. Our students aim to create an informed class of youth that will become an ambassador to generate awareness around them by being an example and to build a culture of road safety from the early years to the age of license. This "Student Outreach Programs" will help the young students of R.E.M.S to develop a civic sense, patriotism, good citizenship and awareness of natural disasters, traffic discipline, cybercrimes, drug abuse etc. and is open to access by all students of Class IX to Class XII. ROTARY SCHOOL arranged the live streaming of the program for maximum spread of awareness among stakeholders. IT teacher Mrs. Shraddha accessed the provision for students training.

Principal Mrs. Bhumita Patel, Coordinator of secondary section Mr. Rahul sir, Coordinator of primary section Mr. Devlekar sir, Coordinator of I & II Ms. Kanade madam wished good luck for this training.

Rotary Pritishthan's
ROTARY ENGLISH MEDIUM SCHOOL KHED
SWACHHATA PAKHWADA

As per CBSE circular and guideline Rally was organized by ROTARY ENGLISH MEDIUM SCHOOL KHED in the Khed city on 22nd September 2022 on creating awareness about the importance of saving water and conserving it for present and future generations. Also, it is essential for animals and birds, we have taken this initiative as this would create a spark in peoples mind of saving water.

These rallies are a support and a means of spreading the message on water conservation. The response of the passing by people were proper and tremendous. The students carried out the message on the concept of JAL SHAKTI ABHIYAN AND PLASTIC BAN CAMPAIGN. The rally saw the participation of 115 students and 15 teachers and it was flagged out from the school premise. The students minted the slogan on water conservation techniques and its implementation at various levels. The rally passed through Bait wadi, Gulmohar park, Shivaji Maharaj Chowk, L.P. School and Daak Bangla, Palekar Hospital, Golibar Maidan and culminated again at Bait Wadi Rotary English Medium School Khed. The participants took a pledge to save water, plant saplings and take efforts to preserve rainwater in storage tanks and waterbodies in their respective villages and towns. In his address, the NAGAR PALIKA staff member Mr. Sujit Jadhav said that why should it is necessary to conserve the water carefully. Our city had been facing severe groundwater depletion due to repeated deficient monsoon. Principal Mrs. Bhumita Patel said without water there will be no development and there is urgent need to initiate more programs for water conservation and plastic ban. Coordinators Mr. Rahul A.G, Mr. Shailesh Devlekar and Ms. Tejashree Kanade gave best wishes for the awareness rally.

ROTARY PRATISHTHAN'S
ROTARY ENGLISH MEDIUM SCHOOL KHED
HAR GHAR TIRANGA (SLOGAN WRITING COMPETITION) **30 JULY 2022**

As per the CBSE guideline the various competitions on HAR GHAR TIRANGA THEME conducted in Rotary English Medium School Khed. The students from class I to X have participated in the slogan writing competition. 'Har Ghar Tiranga' is a campaign under the aegis of Azadi Ka Amrit Mahotsav to encourage people to bring the Tiranga home and to hoist it to mark the 75th year of India's independence. Our relationship with the flag has always been more formal and institutional than personal. Bringing the flag home collectively as a nation in the 75th year of independence thus becomes symbolic of not only an act of personal connection to the Tiranga but also an embodiment of our commitment to nation-building. The idea behind the initiative is to invoke the feeling of patriotism in the hearts of the people and to promote awareness about the Indian National Flag. Related to this topic our students participated with zeal and zest.
